

Spartan Planning Group
Form CRS Customer Relationship Summary
June 29,2020

Spartan Planning Group is an investment advisor registered with the Securities and Exchange Commission (SEC). It is important for retail investors to understand the fees they are being charged. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisors, and investing.

What investment services and advice can you provide me?

We offer fee-only investment advisory services to retail and corporate investors including financial planning and investment management. We monitor client investment accounts no less than once a month and act with discretion to employ an investment strategy described to clients. We are neither attorneys nor accountants, and no portion of our services should be interpreted by you as legal or accounting advice. With respect to specific legal or tax advice relating to estate planning, tax planning, accounting, or other legal matters, our role will be that of a facilitator between you and your professional legal and accounting advisers.

For additional information, please see our Form ADV Part 2A brochure on our website and provided in your Welcome Aboard Email.

Conversation Starters. Ask your financial professional:

- "Given my financial situation, should I choose an investment advisory service? Why or why not?"
- "How will you choose investments to recommend to me?"
- "What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?"

What fees will I pay?

We are a fee-only, fiduciary advisory firm. The only compensation we receive is from an Asset Under Management (AUM) fee charged on a quarterly basis, a retainer fee, consulting fee, or a fixed fee for Financial Planning only engagements. The AUM fee is a percentage of the assets managed for a retail investor and will proportionally change with the value of the assets, therefore, we may have an incentive for you to increase the assets in your accounts, through growth and additional contributions. We don't earn or accept any other compensation outside of the fees described above.

Additional Information:

You will pay fees and costs whether you make or lose money on your investments. As with any advisor, fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees you are paying.

For additional information, please see our Form ADV Part 2A brochure on our website and provided in your Welcome Aboard Email.

Conversation Starters. Ask your financial professional:

- "Help me understand how these fees and costs might affect my investments. If I invest \$1,000,000, how much will go to fees and costs, and how much will be directly invested for me?"

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

We are a full time fiduciary for all clients. *When we act as your investment advisor, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money can create some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*
